I. INTRODUCTION

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, sub-recipients, and contractors whether those programs and activities are federally funded or not.

Recently, the Federal Transit Administration (FTA) has placed renewed emphasis on Title VI issues, including providing meaningful access to persons with Limited English Proficiency.

Recipients of public transportation funding from FTA and the Virginia Department of Rail and Public Transportation (DRPT) are required to develop policies, programs, and practices that ensure that federal and state transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how **Community Brain Injury Services** incorporates nondiscrimination policies and practices in providing services to the public. **Community Brain Injury Services'** Title VI policies and procedures are documented in this plan and its appendices and attachments. This plan will be updated periodically (at least every three years) to incorporate changes and additional responsibilities that arise.

II. OVERVIEW OF SERVICES

Community Brain Injury Services provides services to adult survivors of brain injury residing in a 25 locality service area, encompassing the Greater Richmond, the Virginia Peninsula and surrounding areas. CBIS offers two state designated core safety services for persons with brain injury in both of our services areas.

1. Clubhouse programs: The Mill House serving the Metro Richmond area and The Denbigh House serving the Virginia Peninsula area
2. Case Management Services in both the Metro Richmond, Virginia Peninsula service, Middle Peninsula and Surry, Dinwiddie and Prince George counties.

As a safety net service, any adult survivor of brain injury residing within our service area is eligible for services, regardless of their ability to pay for or afford services.

Transportation Services: Both our Clubhouse and Case Management services provide transportation services to our clients. At our Clubhouse programs, we utilize our vehicles to transport Clubhouse members to group and individual volunteer placements, job search, training, and employment services, social and recreational programs, educational and advocacy services (our Clubhouse members speak about their disability to a variety of community audiences) and to a wide array of community integration activities (i.e. going to the grocery store, office supplies, recycling, home improvement store). Our case management services uses our vehicles for transportation to client's home and for transporting clients to medical, dental, mental health appointments, housing searches, and other places in the community needed to meet goals outlined in their individualized service plans.

III. POLICY STATEMENT AND AUTHORITIES

Title VI Policy Statement

Community Brain Injury Services is committed to ensuring that no person shall, on the grounds of race, color, national origin, as provided by Title VI of the Civil Rights Act of 1964 and the Civil Rights Restoration Act of 1987 (PL 100.259), be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, whether those programs and activities are federally funded or not.

The **Community Brain Injury Services** Title VI Manager is responsible for initiating and monitoring Title VI activities, preparing required reports, and other responsibilities as required by Title 23 Code of Federal Regulations (CFR) Part 200, and Title 49 CFR Part 21.

Signature of Authorizing Official

Date

Authorities

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance (refer to 49 CFR Part 21). The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of the terms “programs or activities” to include all programs or activities of Federal Aid recipients, sub recipients, and contractors, whether such programs and activities are federally assisted or not.

Additional authorities and citations include: Title VI of the Civil Rights Act of 1964 (42 U.S.C. Section 2000d); Federal Transit Laws, as amended (49 U.S.C. Chapter 53 et seq.); Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended (42 U.S.C. 4601, et seq.); Department of Justice regulation, 28 CFR part 42, Subpart F, “Coordination of Enforcement of Nondiscrimination in Federally-Assisted Programs” (December 1, 1976, unless otherwise noted); U.S. DOT regulation, 49 CFR part 21, “Nondiscrimination in Federally-Assisted Programs of the Department of Transportation—Effectuation of Title VI of the Civil Rights Act of 1964” (June 18, 1970, unless otherwise noted); Joint FTA/Federal Highway Administration (FHWA) regulation, 23 CFR part 771, “Environmental Impact and Related Procedures” (August 28, 1987); Joint FTA/FHWA regulation, 23 CFR part 450 and 49 CFR part 613, “Planning Assistance and Standards,” (October 28, 1993, unless otherwise noted); U.S. DOT Order 5610.2, “U.S. DOT Order on Environmental Justice to Address Environmental Justice in Minority Populations and Low-Income Populations,” (April 15, 1997); U.S. DOT Policy Guidance Concerning Recipients’ Responsibilities to Limited English Proficient Persons, (December 14, 2005), and Section 12 of FTA’s Master Agreement, FTA MA 13 (October 1, 2006).

IV. NONDISCRIMINATION ASSURANCE TO DRPT

In accordance with 49 CFR Section 21.7(a), every application for financial assistance from the Federal Transit Administration (FTA) must be accompanied by an assurance that the applicant will carry out the program in compliance with DOT's Title VI regulations. This requirement is fulfilled when the Virginia Department of Rail and Public Transportation (DRPT) submits its annual certifications and assurances to FTA. DRPT shall collect Title VI assurances from sub-recipients prior to passing through FTA funds.

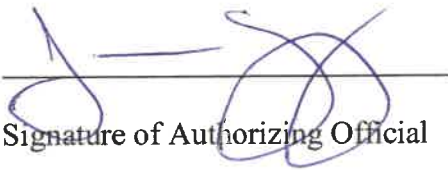

As part of the Certifications and Assurances submitted to DRPT with the Annual Grant Application and all Federal Transit Administration grants submitted to the DRPT, **Community Brain Injury Services** submits a Nondiscrimination Assurance which addresses compliance with Title VI as well as nondiscrimination in hiring (EEO) and contracting (DBE), and nondiscrimination on the basis of disability (ADA).

In signing and submitting this assurance, **Community Brain Injury Services** confirms to DRPT the agency's commitment to nondiscrimination and compliance with federal and state requirements.

V. PLAN APPROVAL DOCUMENT

Community Brain Injury Services Board of Directors approved our Title VI Plan Document on January 13, 2022.

I hereby acknowledge the receipt of the Community Brain Injury Services Title VI Implementation Plan 2024-2027. I have reviewed and approve the Plan. I am committed to ensuring that no person is excluded from participation in, or denied the benefits of transit services on the basis of race, color, or national origin, as protected by Title VI according to Federal Transit Administration (FTA) Circular 4702.1B Title VI requirements and guidelines for FTA sub-recipients.

Community Brain Injury Services

VI. ORGANIZATION AND TITLE VI PROGRAM RESPONSIBILITIES

The **Community Brain Injury Services' Executive Director** is responsible for ensuring implementation of the agency's Title VI program. Title VI program elements are interrelated and responsibilities may overlap. The specific areas of responsibility have been delineated below for purposes of clarity.

Overall Organization for Title VI

The Title VI Manager and staff are responsible for coordinating the overall administration of the Title VI program, plan, and assurances, including complaint handling, data collection and reporting, annual review and updates, and internal education.

Detailed Responsibilities of the Title VI Manager

The Title VI Manager is charged with the responsibility for implementing, monitoring, and ensuring compliance with Title VI regulations. Title VI responsibilities are as follows:

1. Process the disposition of Title VI complaints received.
2. Collect statistical data (race, color or national origin) of participants in and beneficiaries of agency programs, (e.g., affected citizens, and impacted communities).
3. Conduct annual Title VI reviews of agency to determine the effectiveness of program activities at all levels.
4. Conduct Title VI reviews of construction contractors, consultant contractors, suppliers, and other recipients of federal-aid fund contracts administered through the agency.
5. Conduct training programs on Title VI and other related statutes for agency employees.
6. Prepare a yearly report of Title VI accomplishments and goals, as required.
7. Develop Title VI information for dissemination to the general public and, where appropriate, in languages other than English.
8. Identify and eliminate discrimination.
9. Establish procedures for promptly resolving deficiency status and writing the remedial action necessary, all within a period not to exceed 90 days.

General Title VI responsibilities of the agency

The Title VI Manager is responsible for substantiating that these elements of the plan are appropriately implemented and maintained, and for coordinating with those responsible for public outreach and involvement and service planning and delivery.

1. Data collection

To ensure that Title VI reporting requirements are met, Community Brain Injury Services will maintain:

- A database or log of Title VI complaints received. The investigation of and response to each complaint is tracked within the database or log.
- A log of the public outreach and involvement activities undertaken to ensure that minority and low-income people had a meaningful access to these activities.

2. Annual Report and Updates

As a sub-recipient of FTA funds, **Community Brain Injury Services** is required to submit a Quarterly Report Form to DRPT that documents any Title VI complaints received during the preceding quarter and for each year. Community Brain Injury Services will also maintain and provide to DRPT an annual basis, the log of public outreach and involvement activities undertaken to ensure that minority and low-income people had a meaningful access to these activities.

Further, we will submit to DRPT updates to any of the following items since the previous submission, or a statement to the effect that these items have not been changed since the previous submission, indicating date:

- A copy of any compliance review report for reviews conducted in the last three years, along with the purpose or reason for the review, the name of the organization that performed the review, a summary of findings and recommendations, and a report on the status or disposition of the findings and recommendations
- Limited English Proficiency (LEP) plan
- procedures for tracking and investigating Title VI complaints
- A list of Title VI investigations, complaints or lawsuits filed with the agency since the last submission
- A copy of the agency notice to the public that it complies with Title VI and instructions on how to file a discrimination complaint

3. Annual review of Title VI program

Each year, in preparing for the Annual Report and Updates, the Title VI Manager will review the agency's Title VI program to assure implementation of the Title VI plan. In addition, they will review agency operational guidelines and publications, including those for contractors, to verify that Title VI language and provisions are incorporated, as appropriate.

4. Dissemination of information related to the Title VI program

Information on our Title VI program will be disseminated to agency employees, contractors, and beneficiaries, as well as to the public, as described in the “public outreach and involvement” section of this document, and in other languages when needed according to the LEP plan as well as federal and State laws/regulations.

5. Resolution of complaints

Any individual may exercise his or her right to file a complaint if that person believes that he, she or any other program beneficiaries have been subjected to unequal treatment or discrimination in the receipt of benefits/services or prohibited by non-discrimination requirements. Community Brain Injury Services will report the complaint to DRPT within three business days (per DRPT requirements), and make a concerted effort to resolve complaints locally, using the agency’s Title VI Complaint Procedures. All Title VI complaints and their resolution will be logged as described under Section 1. Data collection and reported annually (in addition to immediately) to DRPT.

6. Written policies and procedures

Our Title VI policies and procedures are documented in this plan and its appendices and attachments. This plan will be updated periodically to incorporate changes and additional responsibilities that arise. During the course of the Annual Title VI Program Review (item 3 above), the Title VI Manager will determine whether or not an update is needed.

7. Internal education

Our employees will receive training on Title VI policies and procedures upon hiring and upon promotion. This training will include requirements of Title VI, our obligations under Title VI (LEP requirements included), and required data that must be gathered and maintained. In addition, training will be provided when any Title VI-related policies or procedures change (agency-wide training), or when appropriate in resolving a complaint.

Title VI training is the responsibility of the Director of Operations.

8. Title VI clauses in contracts

In all federal procurements requiring a written contract or Purchase Order (PO), **Community Brain Injury Services’** contract/PO will include appropriate non-discrimination clauses. The Title VI Manager will work with the Director of Operations who is/are responsible for procurement contracts and PO’s to ensure appropriate non-discrimination clauses are included.

VII. PROCEDURES FOR NOTIFYING THE PUBLIC OF TITLE VI RIGHTS AND HOW TO FILE A COMPLAINT

Requirement to Provide a Title VI Public Notice

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient's obligations under DOT's Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, Community Brain Injury Services shall disseminate this information to the public by posting a Title VI notice on the agency's website and in public areas of the agency's office(s), including the reception desk, meeting rooms, in federally-funded vehicles, etc.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

Community Brain Injury Services is committed to ensuring that no person is excluded from participation in, or denied the benefits of its transportation services on the basis of race, color, or national origin, as protected by Title VI in Federal Transit Administration (FTA) Circular 4702.1B. If you feel you are being denied participation in or being denied benefits of the transit services provided by **Community Brain Injury Services**, or otherwise being discriminated against because of your race, color, national origin, gender, age, or disability, our contact information is:

Jason Young
Executive Director
Community Brain Injury Services
9211 Arboretum Parkway, Suite 100
Richmond VA. 23236
804-386-0925
Jason@communitybraininjury.org

SEE APPENDIX A-Title VI Notice to the Public
SEE APPENDIX B-Title VI Notice to the Public List of Locations

VIII. TITLE VI COMPLAINT PROCEDURES

Requirement to Develop Title VI Complaint Procedures and Complaint Form.

In order to comply with the reporting requirements established in 49 CFR Section 21.9(b), all recipients shall develop procedures for investigating and tracking Title VI complaints filed against them and make their procedures for filing a complaint available to members of the public. Recipients must also develop a Title VI complaint form. The form and procedure for filing a complaint shall be available on the recipient's website and at their facilities.

Any individual may exercise his or her right to file a complaint with **Community Brain Injury Services** if that person believes that he or she has been subjected to unequal treatment or discrimination in the receipt of benefits or services. We will report the complaint to DRPT within three business days (per DRPT requirements), and make a concerted effort to resolve complaints locally, using the agency's Nondiscrimination Complaint Procedures. All Title VI complaints and their resolution will be logged and reported annually (in addition to immediately) to DRPT.

Community Brain Injury Services includes the following language on all printed information materials, on the agency's website, in press releases, in public notices, in published documents, and on posters on the interior of each vehicle operated in passenger service:

The Community Brain Injury Services is committed to ensuring that no person is excluded from participation in, or denied the benefits of its transit services on the basis of race, color or national origin, as protected by Title VI of the Civil Rights Act of 1964.

For additional information on Community Brain Injury Services' nondiscrimination policies and procedures, or to file a complaint, please visit the website at www.communitybraininjury.org or contact Jason Young, Executive Director, at Community Brain Injury Services 681 Hioaks Road, Ste G. Richmond VA. 23225.

Instructions for filing Title VI complaints are posted on the agency's website and in posters on the interior of each vehicle operated in passenger service and agency's facilities, and are also included within **Community Brain Injury Services Complaint and Grievances Policy**.

SEE APPENDIX C-Title VI Complaint Form

Procedures for Handling and Reporting Investigations/Complaints and Lawsuits

Should any Title VI investigations be initiated by FTA or DRPT, or any Title VI lawsuits are filed against **Community Brain Injury Services** the agency will follow these procedures:

Procedures

1. Any individual, group of individuals, or entity that believes they have been subjected to discrimination on the basis of race, color, or national origin may file a written complaint with the Title VI Manager. The complaint is to be filed in the following manner:
 - a. A formal complaint must be filed within 180 calendar days of the alleged occurrence.
 - b. The complaint shall be in writing and signed by the complainant(s).
 - c. The complaint should include:
 - the complainant's name, address, and contact information
 - (i.e., telephone number, email address, etc.)
 - the date(s) of the alleged act of discrimination (if multiple days, include the date when the complainant(s) became aware of the alleged discrimination and the date on which the alleged discrimination was discontinued or the latest instance).
 - a description of the alleged act of discrimination
 - the location(s) of the alleged act of discrimination (include vehicle number if appropriate)
 - an explanation of why the complainant believes the act to have been discriminatory on the basis of race, color, and national origin
 - if known, the names and/or job titles of those individuals perceived as parties in the incident
 - contact information for any witnesses
 - indication of any related complaint activity (i.e., was the complaint also submitted to DRPT or FTA?)
 - d. The complaint shall be submitted to the **Community Brain Injury Services** Title VI Manager at **9211 Arboretum Parkway, Suite 100, Richmond VA. 23236** or via e-mail to **Claire@communitybraininjury.org**.
 - e. Complaints received by any other employee of **Community Brain Injury Services** will be immediately forwarded to the Title VI Manager.
 - f. In the case where a complainant is unable or incapable of providing a written statement, a verbal complaint of discrimination may be made to the Title VI Manager. Under these circumstances, the complainant will be interviewed, and the Community Brain Injury Services employee receiving the complaint will assist the complainant in converting the verbal allegations to writing.
2. Upon receipt of the complaint, the Title VI Manager will immediately:
 - a. notify DRPT (no later than 3 business days from receipt)
 - b. notify the Community Brain Injury Services Authorizing Official
 - c. ensure that the complaint is entered in the complaint database
3. Within 3 business days of receipt of the complaint, the Title VI Manager will contact the complainant by telephone to set up an interview.
4. The complainant will be informed that they have a right to have a witness or representative present during the interview and can submit any documentation he/she perceives as relevant to proving his/her complaint.

5. If DRPT has assigned staff to assist with the investigation, the Title VI Manager will offer an opportunity to participate in the interview.
6. The alleged discriminatory service or program official will be given the opportunity to respond to all aspects of the complainant's allegations.
7. The Title VI Manager will determine, based on relevancy or duplication of evidence, which witnesses will be contacted and questioned.
8. The investigation may also include:
 - a. investigating contractor operating records, policies or procedures
 - b. reviewing routes, schedules, and fare policies
 - c. reviewing operating policies and procedures
 - d. reviewing scheduling and dispatch records
 - e. observing behavior of the individual whose actions were cited in the complaint
9. All steps taken and findings in the investigation will be documented in writing and included in the complaint file.
10. The Title VI Manager will contact the complainant at the conclusion of the investigation, but prior to writing the final report, and give the complainant an opportunity to give a rebuttal statement at the end of the investigation process.
11. At the conclusion of the investigation and **within 60 days** of the interview with the complainant, the Title VI Manager will prepare a report that includes a narrative description of the incident, identification of persons interviewed, findings, and recommendations for disposition. This report will be provided to the Authorizing Official, DRPT, and, if appropriate, **Community Brain Injury Services'** legal counsel.
12. The Title VI Manager will send a letter to the complainant notifying them of the outcome of the investigation. If the complaint was substantiated, the letter will indicate the course of action that will be followed to correct the situation. If the complaint is determined to be unfounded, the letter will explain the reasoning, and refer the complainant to DRPT in the event the complainant wishes to appeal the determination. This letter will be copied to DRPT.
13. A complaint may be dismissed for the following reasons:
 - a. The complainant requests the withdrawal of the complaint.
 - b. An interview cannot be scheduled with the complainant after reasonable attempts.
 - c. The complainant fails to respond to repeated requests for additional information needed to process the complaint.
14. DRPT will serve as the appealing forum to a complainant that is not satisfied with the outcome of an investigation conducted by Community Brain Injury Services. DRPT will analyze the facts of the case and will issue its conclusion to the appellant according to their procedures.

A person may also file a complaint directly with the Federal Transit Administration, Office of Civil Rights, Attention: Title VI Program Coordinator, East Building, 5th Floor – TCR, 1200 New Jersey Avenue SE, Washington, DC 20590.

Transportation-Related Title VI Investigations, Complaints, and Lawsuits

Background

All recipients shall prepare and maintain a list of any of the following that allege discrimination on the basis of race, color, or national origin:

- Active investigations conducted by FTA and entities other than FTA;

- Lawsuits; and
- Complaints naming the recipient.

This list shall include the date that the transportation-related Title VI investigation, lawsuit, or complaint was filed; a summary of the allegation(s); the status of the investigation, lawsuit, or complaint; and actions taken by the recipient in response, or final findings related to the investigation, lawsuit, or complaint. This list shall be included in the Title VI Program submitted to DRPT every three years and information shall be provided to DRPT quarterly and annually.

SEE APPENDIX D- Investigations, Lawsuits and Complaints Document

IX. PUBLIC OUTREACH AND INVOLVEMENT

PUBLIC PARTICIPATION PLAN

Introduction

The Public Participation Plan (PPP) is a guide for ongoing public participation endeavors. Its purpose is to ensure that Community Brain Injury Services utilizes effective means of providing information and receiving public input on transportation decisions from low income, minority and limited English proficient (LEP) populations, as required by Title VI of the Civil Rights Act of 1964 and its implementing regulations.

Under federal regulations, transit operators must take reasonable steps to ensure that Limited English Proficient (LEP) persons have meaningful access to their programs and activities. This means that public participation opportunities, normally provided in English, should be accessible to persons who have a limited ability to speak, read, write, or understand English.

In addition to language access measures, other major components of the PPP include: public participation design factors; a range of public participation methods to provide information, to invite participation and/or to seek input; examples to demonstrate how population-appropriate outreach methods can be and were identified and utilized; and performance measures and objectives to ensure accountability and a means for improving over time.

Community Brain Injury Services established a public participation plan or process that will determine how, when, and how often specific public participation activities should take place, and which specific measures are most appropriate.

Community Brain Injury Services will make these determinations based on a demographic analysis of the population(s) affected, the type of plan, program, and/or service under consideration, and the resources available. Efforts to involve minority and LEP populations in public participation activities may include both comprehensive measures, such as placing public notices at all transit stations, stops, and vehicles, as well as targeted measures to address linguistic, institutional, cultural, economic, historical, or other barriers that may prevent minority and LEP persons from effectively participating in our decision-making process.

NOTE: FTA has developed a Circular, 4703.1, “Environmental Justice Policy Guidance for Federal Transit Administration Recipients,” that includes many examples of effective strategies for engaging minority and low-income populations. FTA Chap. III-6 FTA C 4702.1B encourages recipients to review that Circular for ideas when developing their public engagement strategy.

Our public outreach practices follows.

SOME OF THOSE EFFECTIVE PUBLIC OUTREACH PRACTICES INCLUDES:

A. Solicitation of feedback as documented in client’s service plans.

- B. Interpretation services are secured for clients, as needed and requested.**
- C. Transportation, as part of certain CBIS programs, is identified in the Member/Client handbook.**
- D. Collaboration with local human and community service agency to assure CBIS clients access to services.**

SEE APPENDIX E-Summary of Outreach Efforts

X. LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

LANGUAGE ASSISTANCE PLAN FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY (LEP)

Introduction and Legal Basis

LEP is a term that defines any individual not proficient in the use of the English language. The establishment and operation of an LEP program meets objectives set forth in Title VI of the Civil Rights Act and Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency (LEP). This Executive Order requires federal agencies receiving financial assistance to address the needs of non-English speaking persons. The Executive Order also establishes compliance standards to ensure that the programs and activities that are provided by a transportation provider in English are accessible to LEP communities. This includes providing meaningful access to individuals who are limited in their use of English. The following LEP language implementation plan, developed by *Community Brain Injury Services* is based on FTA guidelines.

As required, **Community Brain Injury Services** developed a written LEP Plan (below). Using 2010 and American Community Survey (ACS) Census data, **Community Brain Injury Services** has evaluated data to determine the extent of need for translation services of its vital documents and materials.

LEP persons can be a significant market for public transit, and reaching out to these individuals can help increase their utilization of transit. Therefore, it also makes good business sense to translate vital information into languages that the larger LEP populations in the community can understand.

Assessment of Needs and Resources

The need and resources for LEP language assistance were determined through a four-factor analysis as recommended by FTA guidance.

Factor 1: Assessment of the Number and Proportion of LEP Persons Likely to be Served or Encountered in the Eligible Service Population

The agency has reviewed census data on the number of individuals in its service area that have limited English Proficiency, as well as the languages they speak.

U.S. Census Data – American Community Survey (2015-2020)

Data from the U.S. Census Bureau's American Community Survey (ACS) were obtained through www.census.gov by **Community Brain Injury Services'** service area. The agency's service area includes a total of **91,197 and 10.55%** persons with Limited English Proficiency (those persons who indicated that they spoke English "less than very well," in the 2015-2020 ACS Census).

Information from the 2015-2020 ACS also provides more detail on the specific languages that are spoken by those who report that they speak English less than very well. Languages spoken at home by those with LEP are presented below. These data indicate the extent to which translations into other language are needed to meet the needs of LEP persons.

• Spanish	38,495	4.45%
• Indo-European	23,245	2.69%
• Asian and Pacific Island Languages	21,865	2.53%
• Other Languages	7,592	0.88%

[Note: if any of these categories represents over 5% or 1,000 persons whichever is less, you should explore the individual languages in the category to determine whether any specific language meets this threshold]

It is noted that there are relatively low number of LEP persons in the service area - no language is spoken by over 5% or a total of 1,000 persons in the LEP population.

Factor 2: Assessment of Frequency with Which LEP Individuals Come Into Contact with the Transit Services or System

Community Brain Injury Services reviewed the relevant benefits, services, and information provided by the agency and determined the extent to which LEP persons have come into contact with these functions through one or more of the following channels:

- Contact with Community Brain Injury Services staff and vehicle operators;
- Visits to the agency’s headquarters;
- Access to the agency’s website;
- Attendance at community meetings hosted by **Community Brain Injury Services**;

Community Brain Injury Services will continue to utilize our contracted translation services (UNO translations) for all riders and persons served needing and requesting this service. CBIS will also continue to monitor updated census data and respond accordingly in needed. Will keep a record of services with anyone with LEP needs.

We will continue to identify emerging populations as updated Census and American Community Survey data become available for our service area. In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact.

Factor 3: Assessment of the Nature and Importance of the Transit Services to the LEP Population

Community Brain Injury Services provides the following programs, activities and services:

1. Clubhouse programs: The Mill House serving the Metro Richmond area.
2. Case Management Services that serves the Metro Richmond area.

Based on past experience serving and communicating with LEP persons, we learned that providing individualized translation services is the most effective way to ensure LEP persons have access and accommodation to our services.

The following are the most critical services provided by **Community Brain Injury Services** for all customers, including LEP persons.

- Safety and security awareness instructions
- Emergency evacuation procedures
- Services targeted at low income persons

Factor 4: Assessment of the Resources Available to the Agency and Costs

Costs

The following language assistance measures currently being provided by **Community Brain Injury Services**

- *CBIS engages with of a translation services provider (UNO Translations) and bears all costs associated with these translation services at a cost of around \$1,000 annually. This figure can be lower or higher depending upon the current utilization of services.*
- *All direct service staff are able to utilize these services, per the request of clients who speak a language other than English. We estimate that less than 1% of their time is dedicated to utilizing these services.*

We anticipate that these activities and costs will increase by approximately 3% annually, consistent with inflationary costs.

Based on the analysis of demographic data and contact with community organizations and LEP persons, **Community Brain Injury Services** has determined that the following additional services are ideally needed to provide meaningful access:

- *Professional translation services provided by UNO translations at the estimated cost of \$1000 annually. This figure may be higher or lower depending upon current utilization of services.*

Resources

The available budget that could be currently be devoted to additional language assistance expenses is \$1000 annually. This amount is likely to increase over time.

LEP Implementation Plan

Through the four-factor analysis, **Community Brain Injury Services** has determined that we don't need an LEP implementation plan. We will continue to provide individualized translation services, with our contracted provider to ensure that LEP persons have access and accommodation to our services.

Staff Training

As noted previously, all **Community Brain Injury Services** staff are provided with a list of available language assistance services and additional information and referral resources.

All new hires receive training on assisting LEP persons as part of their sensitivity and customer service training. This includes:

- A summary of the transit agency's responsibilities under the DOT LEP Guidance;
- A summary of the agency's language assistance plan;
- A description of the type of language assistance that the agency is currently providing and instructions on how agency staff can access these products and services; and
- A description of the agency's cultural sensitivity policies and practices.

Also, all staff who routinely come into contact with customers, as well as their supervisors and all management staff, receive annual refresher training on policies and procedures related to assisting LEP persons.

Providing Notice to LEP Persons

LEP persons are notified of the availability of language assistance through the following approaches:

- *following our Title VI policy statement included on our vital documents.*
- *on our website*
- *through signs posted on our vehicles and in our service and administrative offices.*
- *through ongoing outreach efforts to community organizations, schools, and religious organizations.*

LEP persons will also be included in all community outreach efforts related to service and fare changes.

Monitoring/Updating the plan

This plan will be updated on a periodic basis (at least every three years), based on feedback, updated demographic data, and resource availability.

As part of ongoing outreach to community organizations, **Community Brain Injury Services** will solicit feedback on the effectiveness of language assistance provided and unmet needs. In addition, we will conduct periodic *internal meetings with staff who assist LEP persons* of the adequacy and quality of the language assistance provided, and determine changes to LEP needs.

In preparing the triennial update of this plan, **Community Brain Injury Services** will conduct an internal assessment using the Language Assistance Monitoring Checklist provided in the FTA's "Implementing the Department of Transportation's Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient (LEP) Persons: A Handbook for Public Transportation Providers."

Based on the feedback received from community members and agency employees, **Community Brain Injury Services** will make incremental changes to the type of written and oral language assistance provided as well as to their staff training and community outreach programs. The cost of proposed changes and the available resources will affect the enhancements that can be made, and therefore **Community Brain Injury Services** will attempt to identify the most cost-effective approaches.

As the community grows and new LEP groups emerge, **Community Brain Injury Services** will strive to address the needs for additional language assistance.

XI. MINORITY REPRESENTATION ON PLANNING AND ADVISORY BODIES

Title 49 CFR Section 21.5(b)(1)(vii) states that a recipient may not, on the grounds of race, color, or national origin, “deny a person the opportunity to participate as a member of a planning, advisory, or similar body which is an integral part of the program.”

Community Brain Injury Services does not have a transit related planning board.

XII. MONITORING TITLE VI COMPLAINTS

As part of the complaint handling procedure, the Title VI Manager investigates possible inequities in service delivery for the route(s) or service(s) about which the complaint was filed. Depending on the nature of the complaint, the review examines span of service (days and hours), frequency, routing directness, interconnectivity with other routes and/or fare policy. If inequities are discovered during this review, options for reducing the disparity are explored, and service or fare changes are planned if needed.

In addition to the investigation following an individual complaint, the Title VI Manager periodically reviews all complaints received to determine if there may be a pattern. At a minimum, this review is conducted as part of preparing the Annual Report and Update for submission to DRPT.

APPENDIX A - TITLE VI NOTICE TO THE PUBLIC

Title 49 CFR Section 21.9(d) requires recipients to provide information to the public regarding the recipient’s obligations under DOT’s Title VI regulations and apprise members of the public of the protections against discrimination afforded to them by Title VI. At a minimum, Community Brain Injury Services shall disseminate this information to the public by posting a Title VI notice on the agency’s website and in public areas of the agency’s office(s), including the reception desk, meeting rooms, in federally-funded vehicles, etc.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (42 U.S.C. Section 2000d).

Community Brain Injury Services is committed to ensuring that no person is excluded from participation in, or denied the benefits of its transportation services on the basis of race, color, or national origin, as protected by Title VI in Federal Transit Administration (FTA) Circular 4702.1B. If you feel you are being denied participation in or being denied benefits of the transit services provided by **Community Brain Injury Services**, or otherwise being discriminated against because of your race, color, national origin, gender, age, or disability, our contact information is:
